PROFESSIONAL SUMMARY

Software Engineer specializing in full-stack web development with experience in HTML, CSS, JavaScript, PHP, and MySQL. Experienced in building practical web applications, integrating AI capabilities, and using prompt engineering and AI coding tools to improve software development. Focused on creating clean, user-friendly applications and solving real-world problems through technology.

EDUCATION

B.Sc. Software Engineering — Nigerian Army University, Biu

[2026]

PROFESSIONAL EXPERIENCE

Briatek Computers Nigeria Limited — Full-Stack Web Development Intern | 1 Year

- Developed and worked on web applications using HTML, CSS, Bootstrap, JavaScript, PHP, and MySQL.
- Gained practical experience in frontend and backend web development.
- Worked with databases and server-side application logic.
- Applied software development concepts to real-world projects.

Nigerian Army University, Biu — ICT/AI Trainee | 5 Months

- Developed practical skills in artificial intelligence tools and prompt engineering.
- Used AI tools to assist with software development and problem-solving.
- Gained experience with ChatGPT, Codex, and Claude Code.
- Developed skills in writing effective prompts to direct AI systems and coding assistants.

Professor Iya Abubakar Community Resource Centre — Computer Training

- Received training in Microsoft Word, Excel, PowerPoint, and basic computer operations.
- Developed fundamental computer and productivity skills.

PROJECTS

Student Management System

Technologies: HTML, CSS, Bootstrap, JavaScript, PHP, MySQL

- Developed a web-based student management system.
- Implemented frontend interfaces and backend functionality.
- Used PHP and MySQL for application logic and database management.

AI-Based Automated Tax Compliance and Revenue Monitoring System (ATCRMS)

Technologies: HTML, CSS, Bootstrap, JavaScript, PHP, MySQL, Linear Regression

- Developed an automated system for tax compliance and revenue monitoring.
- Integrated AI functionality into the system using PHP.
- Implemented Linear Regression for revenue forecasting.
- Designed the system to help users monitor tax information and generate revenue forecasts.

TECHNICAL SKILLS

Web: HTML5, CSS3, Bootstrap, JavaScript, PHP, MySQL | **Tools:** Git, GitHub, ChatGPT, Codex, Claude Code ,co-pilot | **AI:**
Prompt Engineering, AI-Assisted Development | **Productivity:** Microsoft Word, Excel, PowerPoint

CERTIFICATIONS

- Basic Computer Training Certificate — **Professor Iya Abubakar Community Resource Centre**
- Full-Stack Web Development Internship Certificate — **Briatek Computers Nigeria Limited**
